

Dance with Me by Jerry W Martin

Intro: A D D A A G A A D D C

Chords repeat for verses and the chorus

A
Standing in the doorway
Thoughts of you running through my head
You're a melody that won't let me be

A
looking out at the break of dawn
like the words to a famous song
I've just got to sing along

D D A

A D A A D C
I don't want to go to work today I want to sing to my favorite songs
A D A A D C
I don't want to go to work today I want to dance to them all day long

A D D A A G A A D D C

Wait a minute before you go
We work so hard six days a week
Let's take time to settle down

there's something I've got to say
and Sunday's we take to pray
to steal away one more day

I don't want to go to work today I want to sing to my favorite songs
I don't want to go to work today I want to dance to them all day long

A D D A
Dance with you baby
All night long
Dance with you baby
All night long

A D D A
Dance with you baby
All night long
Dance with you baby
All night long

Let me see the smile on your face
Would you rather live your dreams
The world can wait one more day

I want to hear what you have to say
or spend it chasing pay
so let's let the music play

I don't want to go to work today I want to sing to my favorite songs All day long
I don't want to go to work today I want to dance to them all day long All day long
I don't want to go to work today I want to sing to my favorite songs All day long
