

# Twenty-Something by Jerry W Martin

April 21, 2021

Cords repeat for verses and chorus

**A**

Well, she's twenty-something  
Got her blue jeans on  
With a sexy top on,  
She's not looking for love

she's going out tonight  
and they're fitting tight  
and she's looking right  
She's just out for the night

**A A G F E**

She's going downtown  
She's going downtown  
She's going downtown

**A A A**

She's twenty-something and she's out for the night

Well, he's twenty-something  
Got his blue jeans on  
His Camaro cleanup  
He's not looking for love

he's going out tonight  
and his body is tight  
and his hairs just right  
He's just out for the night

He's going downtown  
He's going downtown  
He's going downtown

He's twenty-something and he's out for the night

Well, the band is rock'in  
When they spot each other  
They toward toward each other  
When they get together

Their sounding great tonight  
what a beautiful sight  
and their hearts take flight  
Well, the sparks ignite

They're going downtown  
They're going downtown  
They're going downtown  
Their twenty-something and they're out for the night

Repeat last chorus
